

HAVE PEACE OF MIND AND NEVER PAY FOR ANOTHER REPAIR

OUR 'PEACE OF MIND' PROGRAM:

We believe when your HVAC equipment is maintained properly every year, it is far less likely to have issues. With our Peace Of Mind Program, for one low price, we cover annual maintenance as well as applicable repairs on eligible equipment. This means if your well-maintained unit happens to break, we fix it for free! Being on our program also provides you with priority scheduling; allowing us to get to your home to diagnose the issue as soon as possible!

YOU SAVE MONEY:

The average cost of a Furnace Tune-up, Air Conditioner Tune-up and filter change can be upwards of \$249 per year; if you become a part of our **Peace Of Mind Program**, a fee as low as \$278/year covers your annual maintenance and several other eligible repairs (including our \$119 trip charge)!

Program not available for boilers, mini-splits, oil furnaces, or commercial units.

SCHEDULING IS A BREEZE!

To keep our program affordable, we contact you to schedule your maintenance during *our slow times*. Therefore, you receive the benefit of free repairs **ALL YEAR LONG**, and we benefit by keeping our service technicians busy during the off-season. We both win!

BENEFITS OF THE PEACE OF MIND PROGRAM

- **PRIORITY SCHEDULING:** In the event of an issue, Program customers are at the top of the list!
- **PREVENT INCONVENIENT BREAK DOWNS:** Properly maintained equipment is less likely to break down.
- **SAFETY:** The safety of your equipment will be checked yearly.
- **7-DAY SERVICE:** Open evenings & weekends!
- **LESS WORRIES:** No unexpected repair bills! *Terms & Conditions Apply*

PROGRAM INCLUDES (for eligible equipment):

- Safety/Operational Tune-Up Annually
- Applicable Cleaning: Blower, Burners, Coils & Condensate Drains
- (1-2) Standard Sized Filters (depending on equipment)
- Free electronic leak check if refrigerant is found to be low--refrigerant replacement not included in program.
- All repairs of parts inside the equipment cabinet, thermostat and condensate pump.
- Variable-speed furnaces will require installation of a surge protector prior to in-statement of program.
- Humidifier: Includes (1) annual maintenance service for cleaning the tray and drain line and replacement of (1) water panel; covered repairs include the solenoid valve and saddle valve; does not include motor.

PROGRAM DOES NOT INCLUDE (*instead of repair, replacement of equipment is the better value for these items):

- Replacement of air conditioning compressor or coils
- Replacement of furnace heat exchanger (even if part is under warranty)
- Sheet metal parts
- Replacement of obsolete parts/inaccessible parts
- Repairs required as a result of rodents/animals, water, hail, vandalism, fire, lightning or voltage surge
- Repairs necessary while running on a portable generator
- Removal of ice and snow from vents and chimney
- Issues with WI-FI Thermostats
- Refrigerant charges
- Shipping/processing fees for special order parts

EMERGENCY CALL QUALIFICATION: No heat, no cool, extreme water leakage. POMP customers requesting service after hours that do not meet the above-listed criteria will be charged a \$119 Trip Charge.

Customer Testimonials:

“I wouldn’t own a home without it. Peace of Mind has saved us many times and is worth every penny.” -- Amy R.

"When I lived in Marshall, I renewed our Peace of Mind Agreement every year; we loved this program so much that we purchased an additional 12 months as a gift for the people that bought our home. Now that I live in Portage, I am thrilled that Adams Heating and Cooling will be offering this service as well." -- Shari S.

“Recommended to us by others--now we wouldn’t be without it!” -- Greg G.

“The Peace-of Mind Program has saved my family from going without heat in bitter cold- fast & friendly service every time!” -- Lori C.
